## Affix Lesson 5: Suffix: -est

### My Big Family

I have a big family. They are the biggest family that my friends have ever seen. The holidays are always fun. It is never about gifts. For us, it is about spending time together.

I am happiest when I get together with my cousins. We go to my aunt's place because her apartment is the largest. My oldest cousin always makes the tastiest cookies for us. My youngest cousin is the most spoiled. We all carry her around because she is the smallest.

There is so much food when my family gets together. My fattest uncle makes the boldest-tasting chili. My tallest aunt makes the smoothest milkshakes. My grandma makes the spiciest greens. Each family brings a different dish to share. It is so good.

My cousins and I like to play games. We compete to see who can run the fastest, who can jump the highest, and who can jump the longest distance. We also see who can sing the loudest. We have the best time together.

**Directions:** Add words from the passage that contain the new morpheme(s). Create word sums. Write the meanings.
